Washington, Jan. 5.—President
Wilson declined to say specifically
today that he would call an extra
session of congress if the ship pur-
chase bill failed during the present
session but callers who talked with
him on the subject were impressed
with the president's determination to
pass the measure.Mr. Wilson said he would support
a rural credit bill if members of con-
gress could agree on one but he
would not call an extra session for
that. He added that he was making
all his arrangements to leave Wash-
ington on March 5 for the Panama
canal and the San Francisco ex-
position on the expectation that there
would be no extra session of con-
gress.President Wilson told callers his
Jackson day speech at Indianapolis
on Friday would be political in char-
acter. He refused to outline it but
it is generally understood he will re-
view the record of the administra-
tion. He also told callers that there
was no truth in reports that he was
personally directing the inquiry into
the passport investigation in New
York as a result of which some Ger-
man reservists have been arrested.
He said that the matter had been
called to his attention in a routine
way.The government ship purchase
bill was before the senate for
consideration today with indications
that many weeks would be consumed
in discussion of the measure. Under
the agreement making the bill the
unfinished business, the measure can
only be sidetracked for appropri-
ation bills. Republican senators who
charge that efforts are being made
to rush the bill with undue haste
were prepared today to offer vigor-
ous opposition to the measure as the
result of a conference they held last
night in Senator Gallinger's office.
The legislative program and plans
for preventing hasty action on the
bill were discussed. It was agreed
that the various appropriation bills
which await the senate's action
would furnish subjects for consid-
erable debate.Republican opposition to the bill
is based chiefly on the government
ownership feature of the measure.WIFE CHARGES ASSAULT.

and President Keller's new baby
were the high lights in Monday
night's meeting, which, as usual
started nearly an hour late.
The business on the table was dis-
posed of without delay, however and
it was a little after 9:30 when the
president's gavel fell for adjournment.Developments Monday night indi-
cate that there will be a warm fight
among the republican officials re-
garding the electric light plant propo-
sition, there being a difference of
opinion regarding the advisability of
reconstructing the plant or buying
current from the Ohio Light and
Power company. Mr. Rexroth and
his following favor the latter propo-
sition while Councilman Seward and
his fellow councilmen-at-large, Dr.

reconstruction of the present plant
and possibly the manufacture of cur-
rent for sale to consumers.The proposed bond issue of \$30,

New York, Jan. 5.—The chimes on
the estate of Mrs. Julia Gertrude
Lyle, at Tenafly, N. J., may be rung
three times a day during the week
and twice on Sunday and not every
fifteen minutes, according to a de-
cision yesterday by Vice Chancellor
Vivian Lewis, in Jersey City.
In the future Mrs. Lyle may have
her bell ring at 8 o'clock every
week day morning ring the chimes
for just thirty seconds. At noon a
hymn may be played for three min-
utes. Again at sunset Mrs. Lyle may
play again. On Sundays the schedule
is changed. The courts program is
that the first chimes must not sound
until 10 a. m. Again at sunset the
bells may chime.Mrs. Lyle spent \$75,000 in having
the stone bell tower erected on the
estate at Tenafly in memory of her

work the bells tolled every fifteen

RIGHT IS UNQUESTIONED

Of Shipping Arms to Belligerents, Yet the Question
Comes Before Foreign Af-
fairs Committee As to the
Moral Justification of
Such Acts.[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 5.—Chairman
Flood of the House foreign affairs
committee today told proponents of
legislation to prohibit exports of war
materials that the German govern-
ment through the Berlin foreign of-
fice had made it plain that it did not
expect the United States to stop such
exports.Chairman Flood made his state-
ment to Representative Bartholdt
who was making a general argument
for his resolution to stop exports at
a public hearing today.
"Suppose," he asked Bartholdt,
"that you understood the German
government through the German for-
eign office had said that it did not
expect this government to pass this
legislation. Would you support it?"
Representative Bartholdt asserted
that he knew nothing of the attitude
of the German government, and that
he and his associates opposed the
exportation of arms on the grounds
of "international immorality."Chairman Flood repeated the
statement in his question and added:
"I said that they realize, and so
state, that they do not expect this
government to pass this legislation."
"The state department," said
Chairman Flood to Representative
Bartholdt, "has investigated your
charge that dum dum bullets were
being shipped from this country to
the allies. They have found that not
more than 700 of these bullets have
left the country and that none of
them would fit modern military ser-
vice rifles."Representative Bartholdt said he
had heard that the neutrality of the
United States had been violated by
the shipments of Canadian troops
over American territory in Maine, on
their way to the war zone."I have never heard of that," said
Chairman Flood. "If that is true,"
interrupted Representative Temple,
"it is unquestionably an unethical
act. I think we should have some
evidence beyond such a charge as
that."Representative Bartholdt said that
he knew of the incident only as a
matter of gossip, but that he would
endeavor to investigate."The shipment of war supplies to
belligerent nations," said Chairman
Flood, "has been recognized for 100
years as a right of our citizens by
the law of nations. When this war
began that right was recognized.
England, through her foresight and
the expenditure of her treasure had
gained control of the seas. It would
be vastly to her disadvantage to
change her situation now. Would it
not be an unethical act?"The supporters of the resolution,
Representative Bartholdt said, were
trying to go deeper than technical
phases of international law. He said
that only "equality toward all" could
morally justify the exercise of the
right to ship arms to belligerents."Without that moral background,"
he said, "the right should not be ex-
ercised. Now we are actually waging
war on Germany and Austria and the
guns and bullets we ship are killing
the kinsmen of 25,000,000 Ameri-
cans.""All of the moral support has been
taken from behind this paper neu-
trality and that real neutrality de-
mands that further shipments of war
supplies be prohibited."FARM HELPER

Declared Valid By The
U. S. Supreme Court[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 5.—The supreme
court today upheld as constitutional
the Ohio workmen's compensation
law.The United States supreme court's
decision upholding the constitution-
ality of the workmen's compensation
law applies directly to the old law,
but has the same effect on the law
now in operation, according to Jas.
I. Boulger, special counsel in the at-
torney-general's department, who had
charge of the case before the
supreme court. The decision in ef-
fect upholds the right to classify em-
ployers, with the provision that the
law shall apply only to employers of
more than five persons. Other points
were not presented in the case, but
counsel for the interests contesting
the validity of the law considered
the classification feature the prin-
cipal weak part of the law.The case was the suit originally
of Harry O. Blagg of Columbus,
against the Jeffrey Manufacturing
company. Blagg was seriously in-
jured when caught between railway
cars in the manufacturing company's
yards in Columbus. He rejected the
compensation offered by the com-
pany, which did not contribute to
the workmen's compensation fund,
and sued for damages. The com-
mon pleas court gave him a verdict
of \$25,000, but this was cut to \$16,
900 by higher courts. The manufac-
turing company took the case from
the Ohio supreme court to the
United States supreme court, on the
ground that the classification fea-
ture violated the federal constitu-
tion by granting unequal rights to
different citizens.The old law under which this suit
was brought and the new law now
in operation are alike in that they
forbid employers of more than five
persons from using the common
law defense of contributory negli-
gence, assumption of risk and fellow
servant doctrine, when sued for ac-
cident damages, if they do not con-
tribute to the state fund.The court affirmed the \$252,400
judgment awarded by the New York
federal court to D. E. Lowe & Co.,
Danbury, Conn., batters, against
some 180 members of the United
Hatters' Union under the Sherman
anti-trust law as damages resulting
from a boycott.
During a strike at the Lowe hat
factory in 1914 the United Hatters of
North America were charged with
having boycotted the Lowe hats. The
manufacturers allege that large losses
resulted. To recover triple damages
provided by law, the hat company has
sued in 1914 against some 180
members of the union residing nearly
Judgment for \$252,130 was awarded tothe company and that was affirmed
by the circuit court of appeals.The supreme court today set aside a
judgment of the fourth federal circuit
court of appeals which awarded to
Sarah E. Holbrook and five children,
\$25,000 for the alleged negligent kill-
ing near Pando, West Virginia, of
their husband and father, a bridge
carpenter on the Norfolk and Western
railway. The trial court had in-
structed the jury that little children
were entitled to greater damages
than adult dependents."We think the juries of the country
should be taken as having some
sense," declared Justice McKenna in
dissenting for himself and Justices
Day and Hughes. He declared the
majority of the court had picked out
a few words, and lost sight of the
fact that the jury was told in other
portions of the charge that no award
was to be given for loss of love and
affection."Would anyone deny the loss to lit-
tle children in the death of their
father is greater than that of adult
dependents," he inquired.Inasmuch as the law does not ap-
ply to employers of less than five,
these defenses are allowed in similar
suits. This classification and exemp-
tion the supreme court held constitu-
tional, it is believed.The supreme court today dismissed
an appeal of the Louisville and
Nashville railroad from a decision of
the Kentucky federal court upholding
the Kentucky railroad commis-
sion's order for reduced rates on
grain and other supplies for inland
Kentucky distilleries.The city ordinance of Covington,
Ky., prohibiting street cars crossing
the Ohio River to Cincinnati, from
carrying one-third more passengers
than the seating capacity was today
annulled as unconstitutional by the
supreme court.It held that the ordinance was a
burden on interstate commerce.EMPEROR'S REPLY

London, Jan. 5.—The right wing
of the French army is today less
than 30 miles from the river Rhine,
holding the Alsatian village of Stein-
bach and the heights to the south-
east of the village after one of the
most stubborn localized fights of the
war. At no other point of the west-
ern front has there been any note-
worthy change; the news conse-
quently dwells chiefly today on the
bad weather conditions.In Poland there has been little
shifts in the relative positions of the
invading and defending armies.
The Germans continue to deliver
their furious and intermittent at-
tacks on the Bzura-Rawka line.To the south the Russians have
swept forward to Suzawa, near the
Rumanian frontier. In the Caucasus
the Turkish invaders and the Rus-
sians are apparently still fighting out
their battle in the region of Sari
Kamysh, both sides claiming a vic-
tory.The French progress in upper Ai-
sace is probably the most significant
news from the western front in a
number of weeks, and by some ob-
servers here it is taken to indicate
future attempts on the part of the
allies to break through in this re-gion, maintaining meanwhile a base
on Belfort. For the moment the
swampy condition of the ground in
West Flanders precludes a general
advance movement in this locality.
Furthermore, General Joffre's feel-
ing tactics at other points have re-
sulted in no great gains and it con-
sequently would not be a surprise if
the heaviest fighting during the next
fortnight centered on the eastern
slopes of the Vosges mountains. It
is down these hills that the French
Alpine chassours, backed by the
famous 75-millimeter guns swept to
victory yesterday at Steinbach after
some of the most sanguinary fighting
of the campaign. Only a little fur-
ther advance to the southeast, British
commentators point out today,
will give the allies possession of the
village of Cernay. They now hold
the heights to the west of this town
and its fall would throw open the
way to Muelhausen.Whether the Turks are exaggerat-
ing their success or not, they are
doing some hard fighting in the
Caucasus judging from dispatches reach-
ing London. Even telegrams from
Petrograd admit that this situation
is becoming one of first importance.
There is no sign as yet, however, of
Russia's moving troops from her
western to her southern frontier.The counter-attack of the enemy

bach and Uffholtz was repulsed after

A TRIAL WILL CONVINCE ANYONE—THE GREAT KIDNEY REMEDY NEVER DISAPPOINTS

A few years ago I was troubled with a complication of kidney and stomach ailments and although I tried two or three different doctors, I was unable to obtain a cure. Having heard a great deal about Swamp-Root, I decided to give it a trial and purchased a one-dollar bottle of Mr. Alexander, the druggist. From the beginning I could notice a change for the better and after taking eight bottles of your medicine, I felt entirely cured and have not had any trouble since.

Had I begun using Swamp-Root sooner, I would have been a few hundred dollars to the good and saved myself a lot of suffering.

You may use my testimonial any time you wish. Yours very truly,

LEGISLATURE IS ENGAGED IN ROUTINE

COMMITTEE HAS PREPARED AN APPROPRIATION OF \$3,500 FOR INAUGURAL

Expenses in Spite of Governor-elect Willis' Declaration, but Decide Not to Press It.

(ASSOCIATED PRESS TELEGRAM.)
Columbus, Jan. 5.—Mainly routine work was before the legislature today when it convened for the second day of the session and both houses planned to adjourn until next Monday when Governor-elect Willis will be inaugurated.

The house met in joint session and went through the form of canvassing the vote cast on state officials at the last election.

Clerks of the house had ready to present the workmen's compensation bill initiated by the Ohio Equity Association and filed with the secretary of state more than a year ago. It was proposed as a substitute for the Green compensation act which is in force now, and its main difference is that it eliminates the compulsory feature of the present law. Party platforms of Republicans and Democrats are against such a change. Legislative leaders planned to refer the initiated bill to committees.

The petitioners initiating the law were filed in four huge volumes. Attorney General Hogan was asked by the senate in a resolution to give an opinion whether stenographers, pages, porters and other attendants are subject to civil service. Neither the senate nor the house expect to make appointments to these positions until next week, when Governor Willis will be given an opportunity to tell the assembly what he thinks of the present civil service law and reforms needed.

The joint committee named yesterday to formulate plans for inaugural ceremonies next Monday has prepared a bill appropriating \$3,500 for expenses of the program. This action was taken in spite of Governor-elect Willis' expressed hope that the ceremonies would "not cost the people of Ohio a cent."

The committee decided not to introduce the appropriation bill carrying \$3,500, in accordance with its recommendation made yesterday. It was said expenditures of this amount will be made by the Columbus chamber of commerce in anticipation of later appropriation of the sum.

A transcript of the testimony given before a Toledo justice of the peace, in the Lucas county legislative contest cases was filed with the clerk of the house representatives today by the defeated Republican candidates.

The four defeated Republicans are: A. B. Terhune, John C. Jones, Harry B. George and S. P. Humphreys. They are contesting the election of the four Democratic representatives-elect, C. A. Benedict, William E. Eutmann, Joseph O. Epps and Harry S. Cox.

"Steve" Young, Cleveland attorney, aged 25 years and eight months is the youngest member of the House of Representatives. He served in the last house. Frank Hunter, aged 26, Columbus, is next youngest. Both are Democrats and both raised mustaches since election. Andy Fleming, Youngstown teacher, is 23 and Sam Fitzsimmons, Cleveland, an attorney is 34 and looks younger. Representative Pat O. Shank of Medina, the only Progressive in the House, sits on the Republican side, participated in the Republican caucus, voted for Conover for speaker and says he is a Progressive Republican.

Lucas county republicans, defeated for election to the house of representatives, failed today in their attempt to open the contest case against the Democratic representatives elected immediately when Speaker Conover refused to appoint the privileges and elections committee before next week.

The delegation which is pressing the charges returned to their homes in Toledo. They had hoped to present their complaint to the committee later this week and to have the house take action on unseating the present Democratic members from Lucas county early next week.

Chicken Show Opened Today In the Armory

The annual poultry exhibition under the auspices of the Newark Fanciers' Association, Inc., opened in the Co. G Fourth Regiment armory in east Main street Tuesday afternoon. The officers in charge of the show have been working diligently for the past several days to get things in readiness for quarantining the aristocratic birds entered for the various prizes offered.

There is a splendid showing of fine poultry, an exhibition well worth a couple of hours of anyone's time. The exhibits show the result of careful study of poultry breeding and habits of fowls.

Entries were still being received during the day and by Monday afternoon all the entries will be in place and the scoring of the birds will have been commenced.

The show continues through Saturday, closing after the Saturday night show.

GIRLS! BEAUTIFUL, CHARMING HAIR, NO DANDRUFF-25 CENT DANDERINE

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine" hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in a few moments you have doubled the beauty of your hair.

Besides beautifying your hair at

once, Danderine dissolves every particle of dandruff, cleanses purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

SENSATIONAL ADVANCES IN WHEAT PRICES

(ASSOCIATED PRESS TELEGRAM.)

Chicago, Jan. 5.—On the very first trading today, the wheat market jumped as much as 2-1/2 higher than at the close last night, making an advance of six cents a bushel since yesterday morning. May wheat touched \$1.37 at the opening today, whereas the price last night was \$1.31 1-2 and at the window Saturday was \$1.31.

Sharply higher quotations from Liverpool and a big falling off in the European visible supply were chiefly influential in causing the fresh upturn in the wheat market here.

What the situation implied to people in the United States, not to mention foreign countries, was emphasized by announcements today that leading brands of flour had been advanced forty cents a barrel over night. Good flour was quoted at \$7 a barrel.

Although profit taking by holders of wheat wiped out much of the extreme advance recorded at the outset of trading, the market gave no sign of going back to yesterday's prices. One of the reasons was that farmers and country dealers were said to be selling no wheat even at the advance and that exporters, especially the British were still eagerly continuing to buy.

New Service Is Installed By Alhambra

Manager Siebanoller of the Alhambra theatre in the Arcade annex has installed a new service, the World Film Corporation, showing for the first time Monday evening, the play being "A Gentleman From Mississippi," five acts.

The World Film Corporation pictures have a national reputation and are the production of Messrs. Brady and Schaubert. Manager Siebanoller is indeed fortunate that he has been able to secure the service and the service last evening gave splendid satisfaction.

"A Gentleman from Mississippi" will be repeated again this evening. In the production of this play Mr. Brady has triumphed again. The peer of all theatrical productions has demonstrated again that in the moving picture world as well as in the field of legitimate attractions he would be found in the "Seats of the Mighty." The success of "A Gentleman From Mississippi" can be attributed to the personal direction of Wm. A. Brady, the inherent charm of the play and the irreproachable acting of Tom Wise and his associate players.

The Alhambra is one of the costliest theatres in the state and with the new service installed by Manager Siebanoller will no doubt become one of the city's most popular play houses.

BANK CALL ISSUED.

(ASSOCIATED PRESS TELEGRAM.)
Washington, Jan. 5.—The comptroller of the currency today called for a report on the condition of national banks at the close of business, December 31.

The county relations committee reported a conference with the commissioners regarding the use of the room in the city building by the board of elections. The commissioners have the matter under consideration and will report to council later.

Mayor Bigbee reported the following collections for the month of December:

City Cases.	
Fines	\$15.90
Licenses	5.00
Other Collections	55.90

State Cases.	
Fines	\$122.50
Mayor's Fees	42.30
Officers' Fees	21.00

Auditor Dodd reported that a bond issue of \$58,350 had been rejected by the sinking fund trustees and the state liability board of awards. The law provides that bonds must first be offered to both these boards before being offered at public sale.

A petition from retail merchants of the city asked council to pass legislation requiring all peddlers to secure a license. The petition asks for more stringent regulations than those now in force. The petition was referred to the law committee. A petition was introduced, signed by 307 residents and taxpayers asking the council to take the necessary steps to repair and equip the municipal light plant and if found practicable to offer for sale current from the municipal plant. The petition was referred to the public service committee.

The finance ordinance, appropriating funds for the city's expenses for the first six months of 1915 was read three times and passed. The appropriations were as follows:

General Fund.	
Council	\$1,275.00
Clerk of Council	645.00
Mayor	1,125.00
Auditor	1,100.00
Treasurer	480.00
Recorder	1,735.00

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1903 I was attacked by Rheumatism and Indigestion. I suffered as only those who have it know for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even burdened with Rheumatism and it effected a cure in every case. I want every sufferer from any form of rheumatism to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to you. After you have used it and it has proven itself to be a long looked-for means of curing your Rheumatism, you may send the price in five dollars, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why enter any contest when positive relief is thus offered you free? Don't delay. Write today.

Councilman Adams' ordinance levying special assessment for the paving of Granville street was passed on suspension of rules.

Councilman Seward offered an ordinance providing for a bond issue of \$30,000 for the "reconstruction, improvement and enlargement" of the municipal light plant. The measure was given its first reading.

Councilman Payne introduced an ordinance increasing the salaries of the chief clerk and the clerk in the waterworks offices. The former is to draw \$45 per month and the latter \$30 per month for the first year, \$35 per month the second year and \$40 per month for the third and succeeding years. The measure was passed on suspension of rules.

Councilman Knauber's ordinance regulating the operation of street cars within the city was on its second reading. Mr. Knauber moved to refer the ordinance to the safety committee. His motion was carried.

Mr. Payne's ordinance for the improvement of Clarendon street was read the third time and passed.

Mr. Seward's resolution congratulating President Keller and wife upon the arrival of a son at their home last Monday, was received with laughter. The measure besides extending congratulations to the happy parents, also offered the sympathy of the council members to the worthy president in the midnight grades in his robe-de-nuit. President Keller laughingly declared the resolution out of order but not before Mayor Bigbee admonished the other members of council to obey the Biblical instruction to "go thou and do likewise."

Councilman Rexroth offered a resolution authorizing the council clerk and the service director to employ J. N. Hatch, an electrical engineer, to investigate the cost of the proposed reconstruction of the light plant and report to council. He said that in the expenditure of such a sum of money, that council should have expert advice on the matter. He said that there was some difference of opinion regarding the cost and he was anxious that council should have an expert's opinion. The resolution provided for the payment of \$200 to the expert.

Councilman Seward opposed the measure. He said that it looked like a needless expense. "We know what we want," said Mr. Seward, "and we also have the figures showing what it will cost. To spend \$200 for such a purpose is needless. It's like throwing money away. We all know the disastrous results of hiring expert engineers, from the experience we had during the waterworks construction a few years ago. The city engaged four or five experts, spent thousands of dollars. The engineers were discharged, one after another, for incompetency and for trying to gouge the city. It is my opinion that this part of the matter should be left to Service Director Christian. If it is necessary to have the services of an expert, let Mr. Christian secure such services and not pay him \$200.

Mr. Adams supported Mr. Rexroth's resolution, declaring that he believed that Mr. Rexroth's intentions were sincere. He said that the

public wants to know what was before it.

"If the city is to spend \$30,000 the citizens should be informed upon the question," said Mr. Adams. "The city is already burdened almost to the limit and it seems foolish to spend money without knowing for what it is to be spent. I take it for granted that the service director's figures are correct, but it's only a good business proposition to investigate the matter thoroughly."

Mr. Rexroth again addressed council and said that he thought it was absolutely necessary to know what the plant would cost before the city issued the bonds.

"The service director has a new set of figures," said Mr. Rexroth. "These figures now increase his former estimate \$5,000. I have figures which will increase the amount \$10,000 more. It seems to me that this council should know what it is doing before it acts."

Mr. Seward explained the \$5,000 increase with the statement that the extra amount was added to provide a plant which would not only produce current enough to provide for the city's wants but that it would be prepared for a heavier load in the future. He said that in the meantime, any surplus current might be sold direct to consumers if the city so desired.

Mr. Rexroth's motion to pass the resolution on suspension of rules was lost by a vote of six to three. Messrs. Adams, Ashbrook, Baker, Keys, Payne and Rexroth voter yes.

and Messrs. Knauber, Legge and Seward voted no.

The measure will be read the second time at the next meeting. Mr. Knauber offered a resolution to investigate the advisability of producing current in the municipal plant for commercial purposes. His motion to refer the measure to the service committee was carried.

In response to an inquiry by Councilman Ashbrook, City Solicitor Norpell stated that he had visited Engineers Maetzel and Simpson of Columbus, engineers for the city in the subway matter, and that it was the opinion of these gentlemen, City Engineer Wells and Auditor Dodd that the time was ripe for the sale of the subway bonds. "If members of council entertain an opposite opinion I don't know whether it is proper to discuss it here or in the clerk's office after the meeting," said Mr. Norpell.

He stated that he had arranged for a meeting between the engineers for the city and the railroad and the attorneys for both sides to get together on a contract. He said that the city hoped to be ready to start actual work in the spring, as soon as the weather would permit outdoor operations.

Councilman Rexroth reported that the special committee to which was referred the petition of the unemployed at the last meeting, had been unable to reach any conclusion but that it was hoped to have some plan to offer at the next meeting of council.

CIVIL GOVERNMENT
SET UP BY GERMANY
IN RUSSIAN POLAND

(Associated Press Telegram.)
Berlin, Jan. 5.—(By Wireless to London).—Announcement is made here that the portion of Russian-Poland occupied by the Germans has been provided with a civil administrative under Herr von Brandenstein.

German aims, it is also announced, have dropped bombs on British ammunition stores on the outskirts of Rosendael and Gouda-kerque, near Dunkirk, France. The explosions, it is stated, killed and injured a hundred persons and set fire to a portion of one of the villages.

News from Durazzo, Albania, states that in the first fight in that vicinity a number of followers of Essad Pasha, the provisional president of Albania, who held back, were hanged.

KAISER WILL EAT
"WAR BREAD" AND
SO WILL HIS STAFF.

(Associated Press Telegram.)
Berlin, Dec. 3.—Via The Hague and London.—Emperor William has given orders that the so-called war bread be served to himself and the members of his entourage.

This bread, styled also "K" bread, consists of 85 per cent. of rye flour and 15 per cent. of potato flakes. It is being consumed in accordance with a war time proclamation with the idea of making the supply of food stuff in the empire last longer. Up to the present time it has not been bought readily by the general public. It is hoped however, that the decision of the Emperor to eat this bread himself will influence the people to follow his example. The newspapers are giving much attention to the course of his majesty in this connection.

(Associated Press Telegram.)
Chicago, Jan. 5.—A policeman and a burglar were shot to death and an alleged highwayman was mortally wounded in two revolver battles; police fought with four robbers caught in an attempted hold-up, and a burglar here early today. The dead: John Sausman, policeman; George Hennessey, burglar.

The wounded: Jack Dutton, police character.

Dutton and an unidentified negro companion, who escaped, shot and killed Sausman as he attempted to arrest them after an attempted hold-up. Dutton was shot four times by policemen who trapped him a few blocks away from the scene of the killing.

Hennessey was shot and killed by Detective Axel Jensen, who found him trying open a store window.

BRENNAN HALL
REMODELED AND
OPEN TO PUBLIC

The new Brennan Hall, for dancing and assembly purposes, was formally opened on Monday evening. This hall was formerly the popular place for all social festivities of the city, and it was now been completely remodeled and is one of the most up-to-date and attractive rooms in Newark.

A new floor has been placed for dancing, and in the west end a balcony has been built for the orchestra and spectators. A large opening connects the ballroom with a smaller room in which benches have been placed and which also may be used for dancing. The decorations are in two tones of brown, with all woodwork done in mission. The indirect lighting system is used and all fixtures harmonize with the general color scheme. The draperies are of of ecru net and brown silk and velvet.

The hall, under the management of Mr. Harry Brennan and a number of dancers will be given there, among the first being the ball of the Knights of Columbus on Wednesday evening of this week.

PRESIDENT WILL
PERSONALLY CALL
UPON KERN'S SON

(Associated Press Telegram.)
Indianapolis, Ind., Jan. 5.—John W. Kern, Jr., the 14-year-old son of Senator Kern, is the one person who is expected to be honored with a personal call from the president of the United States when the president arrives in Indianapolis Friday.

President Wilson has arranged to call upon Kern for a brief visit soon after his arrival here.

"President Wilson has been a very good friend of John's since the first time they met when he was a little boy," said Mrs. Kern today.

Young Kern recently underwent a surgical operation. The operation has been so successful that the boy is in good condition.

Medicine has been continually administered to him during the last few years and it is estimated that from 1907 to 1911 the number of horns taken in Prussia alone was reduced by 10,000.

DID YOU KNOW YOUR
IDEAL CUP OF COFFEE
ISN'T LIKE IT USED TO BE

When the word coffee is mentioned there is presented to mind a delicious cup of the popular beverage—smooth, rich, invigorating, amber-colored. It is perfectly natural that you should have such an idea for without doubt this is the American notion today of what should comprise a perfect cup of coffee.

This is vastly different from what existed a generation ago. Our forefathers had no less distinct standard but when the word coffee was spoken, they immediately thought of a black, strong, more or less muddy, almost bitter cup of the popular brew.

A generation ago, the cup was made from what were known as Rio Coffee. These particular grades of Brazilian coffee were very strong, slightly bitter and pungent. They were not necessarily cheaper than other coffees but they constituted the large part of all that was used in this country, hence this character of drink was the national standard for the breakfast table.

Conditions have changed and today it's Santos Coffee (this is raised in the state of San Paulo, in Brazil, South America), or Mexican, Bogota, Guatemala and the finer blends of these and other equally high grade goods. The strong, black cup has been displaced by the smooth, rich, brown drink that graces the American dining table today. The change is logical. It's another indication of the American people's desire for the best. We are not content to use what our forefathers did if ingenuity skill and hard work can produce something better. The old standard was splendid and filled its place to an admirable degree, but scientific growing, roasting, blending and manufacturing methods throughout, produce better goods at very little, if any, greater cost.

To these millions of ardent admirers of the black cup there dawned the idea that a new enjoyment was to be found in coffee drinking—that of richness and luscious fragrance. This realization spelled a new day in the coffee business of this country. Now the old seems to have disappeared almost entirely and everywhere these new standards prevail.

The Woolson Spice Company of Toledo, producers of the famous Golden Sun Coffee has played a great part in this change. This great organization was a world renowned figure under the old system but has kept ever awake for better things. In the change it led the procession and its high grade coffees, five in number comprising the Golden Sun family, are recognized standards throughout the country.

GERMAN VESSEL
LANDS SAILORS
AS PRISONERS

(Associated Press Telegram.)
Las Palmas, Canary Islands (via Paris), Jan. 5.—The German steamship Otavi has landed here a hundred sailors transferred to her by the German auxiliary cruiser Kronprinz Wilhelm, representing the crews of four French and British vessels captured and sunk by the warship.

The craft which fell into the hands of the Germans were the French steamer Mont Agel, which was sunk December 4; the British steamer Bellevue, sunk on the same day; the French sailing vessel Annie Marie, sunk on September 17, and the French ship Union, sunk on November 22.

Merchant and His Credits.

A traveling salesman was remarking the other day that he had sold the usual quantity of goods the past few months, in spite of the war and other depressing causes. But he had found many of his customers hard up because of the unusual number of requests for credit. It was his opinion that in both good and bad times the American people are getting in too easy going habits about payment of bills.

It is not always the hard pressed workman on short time who dodges the bill collector the most actively. Many of the well-to-do are habitually slow pay. They make requests for further accommodation with the air of conferring a lordly favor.

When the victim of ill health or other misfortune asks for a bill of goods on trust, it is often practically a request for charity. The merchant fails to see why he should carry the whole burden of the community's misfortune. So he charges up to his hilt the trade the expense of bad debts. Thus the frugal and thrifty, who may live even parsimoniously, are compelled to pay for luxuries for the extravagant.

There are of course, some applications for credit that are legitimate. People have to take risks, start out on new ventures with small capital, seek better positions, or industry would stagnate. If fortune goes wrong, creditors must wait a reasonable time. But when people on wages or salary bank on their dreams, they commonly go broke.

Many people, finding a \$10 bill in their pockets, feel sanguine, step high, and send the tradesman's wagons hustling with deliveries to their homes. The fact that old accounts are due is forgotten.

"The best New Year's resolution is to pay every debt you possibly can, even if you have to wear your old clothes to church." Thus concluded the salesman whose remarks suggested these reflections, and he was right.

Women's Fashions.

The incessant changes in styles for women were called a great cause of unemployment at the convention held to discuss this subject the past week at Philadelphia. Miss Juliet Stuart Poyntz, who has made a study of the reasons why people are out of work, said that women continually make so many changes in wearing apparel, that manufacturers never know what to make until the last minute. They shut down while style changes are pending, then work overtime.

The reason why the average man spends less for clothes than the average woman is not that masculine clothing is essentially less expensive. It is more that the man wears his suit until it looks shabby. The woman merely wears hers until it looks behind the game, though it may still be perfectly neat and attractive.

As more and more women enter commercial careers and see things more in a business light, they seem somewhat averse to needless changes. The business girl's neat trim suit and walking shoes look more like standard masculine styles than anything the feminine world has devised for twenty centuries. Manufacturers that produce this kind

of goods must be able to run with some degree of steadiness.

The number of women who follow closely the caprices of fashion is probably exaggerated. Hard working families have no money to throw away on whims. Slight concessions of price by merchants on goods that seem likely to go out of style are quickly snapped up.

The free use of advertising is a great stabilizer. The merchant with a stock affected by a fashion change knows how he can sell it without a great loss. All which tends to promote regularity of labor and employment.

Spirit of the Press

An Explanation.
The Germans' ingenious policy is at last revealed. They pick out the British battleships with the chestiest names and send them to the bottom. It's time Winston Churchill rechristened all his boats with such names as the Invisible, the Harmless, the Pansey or the Sarah Jane. To call a warship the Audacious, the Bulwark or the Formidable is bound to invite disaster.—Pittsburg Gazette-Times.

National Guard.
No military expert, figuring on this country's defenses, ever rated the national guard at anything like its paper showing. All over the country there is now a commendable endeavor to make the militia a genuine, efficient, supplementary body to the nation's small standing army. To be that it cannot harbor politics or social fuss and feathers. Its armories must be training places, not clubrooms and dance halls. If in this state or any other it becomes necessary to disband a regiment in order to remake it, it may be taken for granted that the loudest protests will come from the hard hit, not from the able men who love the work and can be sure of finding place and honor in the reorganized body.—New York Tribune.

Servia and Poland.
Servia and Poland have probably suffered as much as Belgium, but we get less news from them. For Poland no respite is in sight, but Servia is likely to get a little chance to recuperate. The Russian pressure is such that it is announced, apparently on official authority, that for the present Austria will pay no further attention to the little nation over which the quarrel started, but will mass all its resources against Russia. Servia will undoubtedly improve the opportunity to push its aggressive movement, and Austria will have to maintain at least a defensive attitude on the result.—Philadelphia Record.

Lawyer's Barred.
A court in which there will be no lawyers and in which complainant and defendant will be allowed to present their own sides in cases involving less than \$50, is to be established in Chicago. If the lawyers do not get out an injunction.—Pittsburg Dispatch.

Japan's Position.
The refusal of the Japanese house of peers to approve the government measure appropriating large sums for military purposes, which was followed by a decree dissolving the Imperial Diet, indicates very clearly the trend of popular sentiment in Japan. It has not been many years since the people of that country had a state of warfare. They cannot forget the clash with Russia if they try, because they are constantly reminded of it in the form of tax bills. They want no further additions to their burdens if they can be avoided. Probably also, they are opposed to participations in a war in which they have no real grievance; into which they have been drawn by an alliance with one of the belligerent powers.—Wheeling Register.

Old Corker scratched his snowy head, and took a paper from a hook: "I have a letter here," he said, "informing me that you're a crook. LABOR LAW

LIMITING WORK TO 8 HOURS PER DAY FOR MEN AND WOMEN

Involved in California Case Before United States Supreme Court for Decision.

(Associated Press Telegram.)
Washington, Jan. 5.—The wisdom of limiting the hours of work of pupil nurses to eight hours a day while imposing no such restrictions on graduate nurses was defended today in briefs filed with the supreme court by counsel for the state of California.

The briefs were filed in cases dealing with the validity of the California woman's eight hour labor law which are to be argued the first of next week. The cases will involve a decision as to whether an eight hour restriction on the labor of women is a reasonable one, this being the first time the question has come before the court.

In the briefs it was urged that within the last few years it has been realized that pupil nurses were undergoing too great a strain. It was stated that investigation showed the pupils unable to grasp mental training after 10 hours of labor and that many of them came out of their two or three years' training physical wrecks.

The decision of the court in the entire case may affect eight hour laws for women in the district of Columbia, Arizona, Colorado and Washington. Eight hour laws applicable both to men and women in certain private and public establishments may indirectly be upheld or condemned by the decision.

So far the court has upheld the woman's ten hour law in Oregon and the woman's fifty-four hour a week law in Ohio.

IMPROVED

CONDITIONS OF CHILD-LABOR IN THE UNITED STATES DURING PAST YEAR.

Are Subjects of Congratulations at Annual Conference Being Held on the Subject.

(Associated Press Telegram.)
Washington, Jan. 5.—Reports of good work done during the past year throughout the country in behalf of working children were enthusiastically received here today at the opening session of the eleventh annual conference on child-labor.

Speaking of the conditions which exist in the southern states, Lewis W. Hine, staff photographer of the national child-labor committee, said that public opinion had done much to reduce the number of under-aged children employed in the mills.

"I found there had been a marked improvement in the general situation during the last five years," he said, "but very young children are worked today in the North Carolina mills." He told of two sisters, 6 and 7 years of age, he found spinning in one mill, and of two boys, under 12 years, whose hands, he said, had been mutilated in the machinery.

"Public opinion is pretty generally against children working in the mills."

Miss Josephine Eschenbrenner, secretary of the national child-labor committee, declared that only 8000 persons in the United States "have cared enough about the working children to contribute to the work of the committee."

A Prosperous Scheme.

"Confound the luck!"
"What's troubling you now?"
"I sent a poem to a magazine and now I see that it has failed."
"Too bad! But cheer up, maybe they won't sue you for damages."—Boston Transcript.

Queer Man-Made Laws.
Editor Advocate:
Sir:—Anti-suffragists and a few others who content themselves with fallacious reasoning that women are protected by our laws and so do not need a vote in law-making, are respectfully recommended to a careful reading of the following recent decisions.

"A wife has no right to a bank account accumulated through her economy, even though it be held in her name."

"A wife who works in her husband's store and helps him build up a business, may have half of it taken away from her by his relatives if he dies without a will."

"A wife of a drunken husband has no right to their child if she leaves his home."

"A husband may deprive a wife of her dower rights by forming a corporation with a few dummy directors."

"If a wife is injured in an accident the husband may bring suit for loss of her services; if the husband is injured a wife cannot bring suit for loss of his services, though she may be obliged to support both herself and him."

"In the matter of damage suits, the wife always gets the worst of it. When damages are won by the husband the wife has no claim against the amount."

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2½ ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Four 2½ ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of \$2 a day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and breaks the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes.

Avoid disappointment by asking your druggist for 2½ ounces of Pinex, and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Society

Miss Hilda Solinger entertained with a house party at her home in Pine street over the holidays. The time was most delightfully spent. The hostess was assisted by Miss Josephine Hull. The out of town guests were John Gibney and Earl Henry of Columbus.

Miss Frances Tavenor of Cleveland, who is spending her vacation at the home of her parents, Mr. and Mrs. George Tavenor at Jackonsontown, was the charming hostess to the members of the Wednesday Afternoon Thimble club Saturday afternoon. Miss Tavenor entertained in honor of Miss Jessie Dushimer, a bride of the week, and a short program was planned in her honor. After each member sewed a few stitches for the bride-to-be, Miss Grace Gray portrayed Miss Dushimer's future, Miss Helen Wallace gave a reading, "At the Wedding," and Mrs. Glennie Lewis read a prophecy of the Thimble club. Miss Dushimer was then presented with a number of beautiful gifts, as remembrances from girls of the Thimble club.

Miss Tavenor served a delicious two course luncheon to the following guests: Misses Sue, Katherine and Edith Davis, Mary and Georgia Osburn, Ella and Doris Rogers, Fannie and Grace Gray, Mable and Helen Wallace, Lura Beard, Edith Tavenor, Elizabeth Crist, Helen Lewis, Verna Miller, Jessie Dushimer, Riba Jury, Lela and Doris Orr, Mrs. Glennie Lewis, Misses Miriam Rows and Zoia Stewart of Pleasantville, Mrs. Clyde Osburn and daughters, Mrs. George Tavenor, and Mrs. Oren Orr and children of Linnville.

The Corticella club has been invited to spend the day at the home of Mrs. Ogle in Eighteenth street on Wednesday, January 5th. All members are requested to be present as business of importance is to be considered.

The Wednesday Thimble club at Jackonsontown chose the club day as the date for the mock wedding of two of their members, the ceremony being performed at the home of Mr. Andrew Beard at 9 o'clock on Wednesday evening.

A delightful program of music preceded the service. Miss Doris Rogers sang "O Perfect Day," Miss Verna Miller sang "Love's Coronation," and Miss Miller, with Miss Anna Smith, sang "Calm As the Night." Miss Jessie Dushimer sang "O Promise Me," and Miss Mable Wallace played the Bride's Chorus from Lohengrin for a procession.

In the bridal party were Miss Helen Wallace, bridesmaid, Miss Helen Lewis, flower girl, and Miss Charlie Beard carried the ring in a lovely basket of pink rosebuds. The bride, Miss Sue Davis, entered the west parlor on the arm of her father, Miss Grace Gray, and stood before an altar of smilax and pink roses, where they were met by the bridegroom, Miss Lura Beard and the best man, Miss Katherine Davis, where they were united in marriage by Miss Fannie Gray. Misses Elizabeth Crist, Georgia Osburn and Edith Davis, friends of the groom were the ushers.

The bride looked lovely in a gown of white satin with pearl trimmings, and her wedding veil was caught with a crown of orange blossoms. Mrs. Glennie Lewis, mother of the bride, wore a handsome gown of black velvet. Miss Wallace looked charming in a lovely gown of yellow satin, trimmed with rare old lace. Miss Helen Lewis wore a dress of white chiffon, and Miss Charlie Beard wore a page's suit of white velvet.

The house was beautifully decorated the color scheme being pink and white, the tables having as a centerpiece white velvet baskets filled with pink roses, while at each place were miniature baskets of pink rosebuds.

Among the guests present were Misses Anna Smith, Edith Tavenor, Ethelwyn Davis, Ella and Doris Rogers, Mable Wallace, Jessie Dushimer, Mary Osburn, Verna Miller, Mrs. Lou Wallace, and Miss Lillian Field of Pataskala.

A number of the young men of the city entertained with an informal dancing party at the new Brennan Hall, corner of West Main and Fourth street on Monday evening. The hall is a delightfully attractive one, being decorated in two tones of brown with lights and draperies to harmonize with the Nuttall and Hawkins orchestra furnished a delightful dance program.

Punch was served during the evening to the following dancers: Mr. and Mrs. William Young, Misses Hannah Sullivan, Muriel McMahon, Alice McMahon, Faye Young, Rhea Ingler, Lenora Phillips, Mabel Smucker, Leontine Moore, Virginia Dadsell, Beatrice Kirk, Editha Hall, Katherine Sedgewick, Hazel Kirk, Helen Kuhn, Helen Ingram, Mary Maholin, Leona Egan, and Alice Bolls of Columbus.

Messrs. Max Bader, Bob Lennan, Paul Morrison, Homer Glancy, Clyde Farmer, Brooks, Trevor Davies, Walter Trittip, William Cosner, Albert Giechlauf, Nelson Metz, Walter Sperry, Ray Wintermute, Joe Gainer, Ray Redman, Ray Perry, Edwina Smith, Harold Brennan, Ray Hohl, Rollin Baird, Albert Jones, Ralph Priest and Paul Collins.

Mrs. B. E. Rutherford of Fulton avenue entertained with a dinner, her honored guests being her mother, Mrs.

June Sweeney, and brother, Mr. Thos. Sweeney of Yates City, Ill. and her sister, Mrs. F. C. Hensler of Galesburg, Ill. Covers were also laid for the following guests: Mr. and Mrs. Cris, Hartzel, Mr. and Mrs. Paul Fatig, Mr. and Mrs. Charles Van Voorhis, Mrs. B. E. Rutherford, Mr. George Huckleby, Miss Violet and Garnet Hutzl, Miss Helen May and Margaret June Van Voorhis, Miss Hazel and Russell Rutherford, Mr. Paul Tanner, and Richard Fatig, and the hostess. The day was spent in games and music.

SCHAUS-DUSTHEIMER.
On Monday, at the home of the bride's parents, Mr. and Mrs. L. A. Dushimer, one and one half miles east of Jackonsontown, at high noon, Miss Jessie Marie Dushimer, became the bride of Mr. George L. Schaus, son of Mr. and Mrs. Charles F. Schaus, 84 North Ninth street.

Miss Helen Lewis, home from the Oberlin Conservatory of Music, played the Lohengrin wedding march, and Miss Florence Orr daintily gown in white, led the wedding procession, carrying the ring in a large white lily. There were two brides maids, Misses Frances Tavenor and Mary Schaus. The groom's attendants were Mr. Freeman Dushimer and Mr. Carl L. Schaus from Washington, D. C.

The bridal party was met in the east parlor by the minister, Rev. D. A. Greene, who read the brief, but solemn and impressive Presbyterian ceremony using the wedding ring service.

The bride wore a gown of white crepe de chine with the full length veil, caught with lilies of the valley, and she carried a shower bouquet of bride's roses. Miss Mary Schaus wore a gown of lavender charmeuse with overdraped of silk chiffon and white shadow lace. Miss Frances Tavenor was costumed in yellow charmeuse with a throw of yellow tulle.

Following the ceremony a wedding dinner was served, the appointments being elaborate. The colors chosen for the tables were red and white and the following were seated at the bride's table: Mr. and Mrs. George L. Schaus, Rev. and Mrs. D. A. Greene, Mr. and Mrs. L. A. Dushimer, Mr. and Mrs. L. A. Dushimer, Prof. and Mrs. Oscar Dushimer, Misses Florence Orr, Mary E. Schaus, Frances Tavenor, Messrs Carl Schaus, Freeman Dushimer, and Mr. and Mrs. Louis Schaus of Mt. Vernon, uncle and aunt of the groom. The other guests were: Mr. and Mrs. James Parr of Newark, Misses Rebecca and Elizabeth Christ, Newark, Lura and Charlie Beard, Helen Lewis, Mabel and Helen Wallace, Doris Orr, Bertha Powers, Edith Tavenor, Lela and M. Snelling, Emma Cooperider, Mrs. L. v. Snelling, grandmother of the bride, Mrs. Nettie Snelling and son Lyman of Newark, Messrs. Robert Campbell, John Dushimer, Robert Cooperider, Elmer Bain, and Russell Long.

A number of beautiful gifts were received and during the afternoon Mr. and Mrs. Schaus left for a wedding trip. They will be at home after February 1, at 95 North Ninth street.

The bride is a popular young woman and is a graduate of the Jackonsontown High school. Mr. Schaus has been associated with his father for a number of years in the grocery business in West Main street.

Following the holiday recess the Monday Talks were entertained at the home of Mrs. W. S. Wright at her home in Hudson avenue. "Over the Mountains and Deserts to Bolivia" was the subject of the paper by Mrs. Schroeder, while Mrs. Robbins Hunter talked on "The Story of a Play." Mrs. Hunter spoke on "Prunella" or "Love in a Dutch Garden."

The next meeting of the club will be at the home of Mrs. Frank Merion, in East Locust street.

Miss Nan Dwyer entertained with a card party at her home in North Fourth street on Monday evening. Honoring her guest, Miss Katherine Caine of Baltimore, Md. The hours were devoted to euchre and a luncheon of two courses was served the following: Misses Katherine Caine, Mrs. Shaughnessy, Katherine Shaughnessy, Edna Streit, Edith Kureth, Claire Kureth, Julia McCarthy, Leona Egan, Marie Gilbert, Mary Balzer, Grace Egan, Josephine Egan, and Mrs. Ott Riggis.

The St. Elizabeth Aid Society will entertain with a pound social at the home of Mrs. Hugh B. Ewing on Thursday evening, the hours being from 7 to 10 o'clock. The benefits derived will be devoted to the charitable work done by the society.

Messrs. Donald and Kenneth Wollard of Fleck avenue entertained a few of their young friends on Monday evening. Games and music were the events of the evening.

Dainty refreshments were served the following guests: Raymond Mori, Frieda Siegel, Eva Gardener, Hallie Wiley, Pearl Stack, Paul Wiley, Kathryn Wiley, Norvel Stack, Clyde Woolles, Harry Smith, Margaret Hayman, Paul Hayman, Charles Smith, Bernadette Smith, Ronald Wollard, Kenneth Wollard, Mr. and Mrs. Willis Smith, Mr. and Mrs. W. C. Wollard.

FOUR CLUBS OF WORKING WOMEN ARE ORGANIZED.

Early in October about thirty girls representing the different industrial centers of Newark, met at the Y. W. C. A. and during the evening, organized an incubator club, the purpose being to hatch out into separate clubs as quickly as possible. The incubator must have been a good one, the temperature just right, for now four clubs have hatched and grown into large and healthy individuals. These clubs are L. L. L. (Look up Love, Lift and Laugh), Helsey's, O. B. A. (Our Best Always), Halter factory, Starlight club, Smith shoe factory, and Jolly Workers, Yans cigar factory.

The motto taken by all the club girls is "to be the best woman I can, in home, business and community, through fun, study and service."

Monday night is club night and

BREAKS A COLD
IN A FEW HOURS
WITHOUT QUININE

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippiness and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

The Y. W. C. A. rooms are always filled with an enthusiastic crowd of girls, who are busy at work in cooking, sewing, gymnasium, dramatics or Christmas novelty classes. Once a month each club meets separately for a business and social meeting.

One of the aims of these clubs has been to have 100 members enrolled, the number required for a city of this size in order that they might have a federation of industrial clubs and really stand for something worth while in the community. A prize was offered to the club which had the most members by Jan. 4, and thus great excitement prevailed last night. When the final verdict was given and the very fatal question decided as to which club was to be the guest of honor at a banquet, especially so, as two of the clubs had been running a close race. The winners proved to be the L. L. L. club with a total membership of 59. The Jolly Workers club, organized somewhat later than the other, came second, with a membership of 46. This makes the total club membership 135. Was it any wonder everyone felt like making a noise?

Patronage night will be Tuesday, Jan. 12. After the club banquet there will be a program and a recognition service, at the High School auditorium to which every one will be welcome.

If you want to hear some enthusiastic songs and yells, if you want to see the members of the Girls Industrial Federation and know what they stand for, set aside Tuesday evening, Jan. 12 and come to the High School auditorium at 8:15 o'clock. You can't afford to miss it.

Court Decides
In Favor Of
Mayor Keller

Toledo, Jan. 5.—The appellate court in announcing its decision today in the injunction case holds that Mayor Keller has the power to remove members of the civil service commission.

The two remaining commissioners, L. H. Paine and W. E. Cordill, will be removed, unless some other legal obstacle is interposed.

Failing that, the mayor will appoint three new commissioners. The term of James W. McMahon, whom the mayor also sought to remove, expired on New Year's eve.

It is considered possible that the old commissioners may decline to yield up the civil service apartments and records in the Nicholas building and that further resort to the courts may be necessary.

It is predicted that as soon as he is assured of a friendly civil service commission, the mayor will use the act with vigor in all of the city departments under his control.

NEWARK LUMBER CO.
REDUCES CAPITAL;
QUITS BUSINESS

An Associated Press dispatch to the Advocate today gives information that the Newark Lumber company has reduced its capitalization from \$50,000 to \$125.

This company was recently taken over by Norris & Webb, and it will go out of business. The small capitalization is retained merely to allow the collection of bills and other formal business transactions.

WAS NOT ARRESTED.
Mr. Cochran, who was mentioned in a story Monday night as having been arrested as a suspect in a holdup case, denies that he was arrested. He declares that he was recognized by friends who vouched for him and that the officer refused to place him under arrest.

ACID STOMACHS
ARE DANGEROUS

Common Sense Advice By a Distinguished Physician.

"Acid" stomachs cause acid irritant, indigestion, flatulence, heartburn, and other troubles. The proper treatment is to take a little of the cases of stomach trouble, ordinary stomach troubles, and the best of them, a simple and safe remedy, which not only neutralizes the acid, but also prevents from which acid indigestion may be often caused. It is followed by a little bit of medicine, which can be obtained from any druggist, and should always be kept handy.

NEW BREWMASTER
AT CONSUMERS'
BEGINS DUTIES

George Beck, of Columbus, one of the most expert brewmasters in the country has been secured by the Consumers Brewing Co., of this city to replace Charles Andre, retired.

Mr. Beck comes to this city with the highest of recommendations, having served for the past nine years as brewmaster at the Schlee brewery in Columbus. Previous to that he was employed in a similar capacity at Indianapolis and Terre Haute, Ind.

Mr. Beck learned the profession of brewing in Bavaria, Germany, having been almost reared in the business. His products have always created a demand and the Consumers

was fortunate in securing his services. He will take charge at once and will remove his family to this city in the near future, occupying the Andre property in First street.

The Consumers Brewing Co. has made a number of important improvements at its plant in the past few months, chief of which was the building of the new bottling house and office at a cost of nearly \$20,000. Work is now progressing on the new engine room.

The product of the Consumers is known far beyond the confines of Licking county and connoisseurs of beers pronounce the Newark product par excellence and far superior to the many brands which have been shipped into this territory from cities all over the country.

Chicago Grain.
[ASSOCIATED PRESS TELEGRAM]
Chicago, Jan. 5.—Sensational ad-
vances in the price of wheat at Lon-
don resulted today in a new upward
swing for the market here. Cables
reported British traders excited, quot-
ations still rising and holders hard
to deal with. Besides Argentine offer-
ings were very small, and the Euro-
pean visible supply showed a decrease
of 7,500,000 bushels, a falling off of
more than four times as rapid as a
year ago.

Wheat prices in Chicago opened 1 1/2
cents higher, breaking all records
since 1898. On that account
prompted the rush of buying, holders in-
dulged in much profit taking, and
there was a reaction from the top
figures at the close. 1 1/2 cent. That
month received 1.25 cent. and later
stepped around 1.25 cent. with July about
1.25 cent. and later stepped around 1.25
cent. against 1.22 last night.

Strong cables and the advance in
wheat made the corn market harder
at the outset. Commission house sell-
ing, however, soon led to a setback
that more than wiped out all the gains.
After opening at 1 1/2 higher, prices
declined to slightly below last night's
level all around.

Oats took the same course as corn.
Buying of oats was only fair.

Provisions were firm, despite heavy
receipts of hams and shoulders, which
tended to check selling of provisions.

New York Stock Exchange.
[ASSOCIATED PRESS TELEGRAM]
New York, Jan. 5.—So far as it showed
any tendency, today's early stock mar-
ket was in the lead. The lead
in London, where the market was
also in the lead, was substantial, fractions
to 1/2 points. Canadian Pacific being
the first to rise, the other stocks fol-
lowed in moderate local pressure, and
among specialties, United Fruit, preferred
common, and the other stocks of the New
York Central, one of the strongest
features also reacted. Things were
of a light and precarious character
with general securities at the end of
the first half hour.

London Stock Market.
[ASSOCIATED PRESS TELEGRAM]
London, Jan. 5.—The stock market
opened a note and a session to-
day. There were able to negotiate the
complicated forms in respect to re-
gularly, but the tone was generally
weak.

Business was brisker in the Ameri-
can section, the stock market being
strong, which caused hands be-
tween 2 1/2 and 3 1/4. Canadian Pa-
cific, but rallied and closed at 159 1/4.

The Pitt edited section was the most
active. Money was plentiful and dis-
count rates were easy.

Obituary

Octogenarian Dead.
(Special to The Advocate.)

Johnstown, O., Jan. 5.—Henry S.
Beidler, died on Monday afternoon
at 1:30 o'clock at his home aged 82
years. He is survived by two daugh-
ters, Mrs. Bell Avery of Granville
and Miss Ida of the home. The fun-
eral services will be held on Wednes-
day afternoon, at 2 o'clock at the
M. E. church.

Card of Thanks and Appreciation.

We desire to thank all our neigh-
bors and friends, also Rev. Mr. Cox
of the U. B. church, and choir, also for
the beautiful flowers sent, and all
those who assisted in any way dur-
ing the illness and death of our be-
loved mother. (Signed)
Dave Elder, Enos Elder, William
Elder, Floyd Elder, Mrs. Martin
Brehm. 1-4d11*

Card of Thanks.

We wish to thank our friends and
neighbors for their help and sym-
pathy in the loss of our little girl,
Hazel Marie, and to the Rev. Mr.
Cox for his words of hope and com-
fort; also to Mr. Wright and his
helpers for their singing.
Mr. and Mrs. John Farrand, Par-
ents; Mr. and Mrs. E. H. Farrand,
Grandparents. 1-5d11*

Card of Thanks.

To the friends and neighbors who
so kindly assisted at the death of
our husband and father, D. P. Bru-
baker, we extend our sincere thanks
and appreciations. We thank the
minister for his comforting words
and the choir for the beautiful songs
and also for the beautiful flowers.
Mrs. Hannah Brubaker, Mr. and Mrs.
A. D. Board and Children and
Nephew, W. H. Kuran. 11*

It has recently been stated that the ten leading na-
tions of Europe boast of 373 savings bank depositors per
thousand population, while in the United States the pro-
portion is only 99 per thousand. Here is room for im-
provement. The increase or decrease in the wealth of a
person or a nation is the difference between income and

REAL ESTATE BULLETIN.

5 1/2 acres, Twenty-first street,
nine-room modern house, bath, nat-
ural gas, high state of cultivation,
well improved; \$4000.00 for a quick
sale. A nice little business, centrally
located, inexperienced man can
handle, doing good business, but
owner wishes to embark in differ-
ent line of business, on larger scale.
Five-room house, not modern, in
good repair, well located, on Ninth
street, between Locust and Church;
cheap. A bargain on Granville
street, for a quick sale, this side of
Ninth street, 98-acre farm, at a price
it sold soon. Location and all con-
sidered, the cheapest I have seen of-
fered in years. Scores of good mod-
ern, well-located properties in all
parts of town at all prices. Some
good farms, and some excellent
small acreage propositions that can
be bought right—and now is the
time.

OVER NIGHT, GOES CHEST COLDS AND SORE THROAT

Just Rub On Begy's Mustarine. Better than all the PILLS, Powders, Syrups on Earth and Quicker. It will not blister.

Get a big 25-cent box of BEGY'S YELLOW MUSTARINE in the yellow box and get rid of cold in chest, coughs, sore throat, pleurisy, bronchitis and tonsillitis in a few hours. Keep it on hand at all times, for with it you can end the misery of toothache, headache, earache and neuralgia in just a few minutes when nothing else seems to do any good.

BEGY'S MUSTARINE is better than any liniment, plaster, poultice, hot water bottle or substitute. It promptly reduces the swellings and draws out agony from rheumatic joints and muscles. It relieves neuritis and in cases of sprains, strains, bruises, soreness, lameness, stiff neck and joints, cramps in leg and pain anywhere, its action is little less than magical.

Get a box at any druggist's today — use it to draw the agony from sore, painful feet, corns, bunions, callouses, chilblains and frosted feet. It's the greatest household remedy in America today. But get the original BEGY'S MUSTARINE in the yellow box. T. J. Evans can supply you.

GRAND JURY

WILL HAVE FORTY CASES TO CONSIDER WHEN IT MEETS NEXT WEEK

Sheriff Swank and Prosecutor Horner Busy in Preparing for the Work—Court News.

The first few days of office for Sheriff Chas. H. Swank are proving strenuous ones but he is being found equal to the occasion. There are forty cases for the grand jury to consider when it begins its sessions next Monday and Sheriff Swank is busy subpoenaing the witnesses for same. This requires getting over the county and it is keeping the new sheriff busy every minute.

Prosecutor J. W. Horner is also preparing the cases for consideration of the grand jurors. Of course a number of them may be of minor importance and may never reach the court room but they must be gone into just the same. In all likelihood the grand jury will be in session the entire week, if not longer.

Petition in Error.
 A petition in error has been filed in the court of appeals by Charles C. McGruder, as administrator of the estate of William Allen Veach, deceased, vs. Joseph H. Kindell. In the lower court Mr. Kindell recovered a verdict of \$1200 for services in caring for Mr. Veach during his illness. The petition in error asks that the judgment of the court of common pleas be reversed.

Supplemental Petition.
 In the case of Gilbert Goff vs. James H. Moore, et al., an additional and supplemental petition has been filed asking for an accounting of certain real estate.

Divorce Petition.
 Leota Drake has filed a petition in common pleas court asking that she be divorced from James W. Drake. The petition recites that they were married July 27, 1912, and are the parents of two children (twins) aged 20 months. The plaintiff further recites that the defendant accused her at numerous times of having committed adultery with other men, and that on August 17, 1912, he assaulted her; on October 5, 1913, a separation took place since which time plaintiff has supported herself and children with her own labor. The defendant is also charged with being a habitual drunkard. The plaintiff asks for a divorce, the custody and control of the children, and reasonable alimony for their support.

Annulment of Marriage.
 Judge Robbins Hunter Tuesday granted the petition of Marie Graff, asking the annulment of her marriage to Emory Graff. They were married in Bucrus, O., on July 4, 1914, the plaintiff being only 15 years of age at the time, and the same occurring without the consent of her parents.

RECEIVER

APPOINTED FOR COMPANY OWNING FIFTY-NINE COTTON GIN PLANTS IN SOUTH.

Liabilities Given as \$934,000, While the Value of the Assets Is Not Estimated in Petition.

(ASSOCIATED PRESS TELEGRAM)

New York, Jan. 5.—The American Round Bale Press company, a New York corporation with \$6,000,000 authorized capital, filed today a voluntary petition in bankruptcy in which its liabilities were given as \$934,000, and its assets as fifty-nine cotton gin plants in the south, and presses, value not estimated.

Paul Jones, a lawyer of this city, was appointed receiver.

The company is a reorganization effected in 1907 of the American Cotton company in which former Governor David R. Francis of Missouri, the late Cornelius N. Bliss, and Jas. G. Cannon, a New York banker, were interested. They as far back as 1901, were members of a protective committee for the company's stock.

With the Texas Cotton Products company, a subsidiary cotton gin compresses and real estate located in Texas, Alabama, Arkansas, Mississippi, Oklahoma, Tennessee, Georgia, Louisiana and Missouri, were taken over at the reorganization.

Included in the liabilities are \$737,340 first mortgage bonds. Paul Jones, the receiver, was manager of the concern, which it was said in cotton circles today, had not been active in recent years.

REPUBLICANS EVADE CIVIL SERVICE LAW

BY MAKING FORMER LEGISLATIVE EMPLOYEES RANK AS OFFICIALS

Democratic Leaders Were Indignant Over the Majority's Action and Threaten Retaliation.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Jan. 5.—Republican legislators today found a means of evading civil service restrictions and electing all stenographers, doorkeepers, pages and other attendants of both houses without regard to the merit system, by considering stenographers, assistant clerks, and pages, porters, telephone messengers and clerical room attendants assistant sergent-at-arms. By this means, decided upon at a party caucus held at noon, employees of the legislature will be considered officials. The state civil service commission gave its opinion today that the method will be consistent with the law.

The caucus made a slate of the attendants and stenographers to be elected, and submitted them to both houses at afternoon sessions. As soon as this was accomplished plans were made for adjournment until next Monday.

Minority Democratic members of the House and Senate were indignant at this move of the Republican majority. Democratic leaders threatened to make the majority's action an issue later in the session.

This caucus decision made necessary the proposed Senate resolution to ask Attorney General T. S. Hogan his opinion as to whether minor employees of the legislature are under civil service.

Both houses met in joint session at 11 o'clock today, heard clerks read in a perfunctory manner the returns on state of als elected and approved the vote as recorded.

The Ohio Equity Association's initiated measure to substitute for the present workmen's compensation law a measure which will be referred to committees when they are appointed, probably next week.

Speaker Conover today stood pat on his former determination not to announce appointment of committees until after inauguration. He was urged to make an exception in the case of the privileges and elections committee, which will hear contest cases, by a Lucas county delegation of Republicans defeated for election to the house. The speaker announced, however, that this committee must await later appointment with others.

Lime Starvation Causes Tuberculosis

The Medical Record (New York) of December 18, 1909, contains an article on "The Treatment of Pulmonary Tuberculosis, Based on the Assumption That the Dietetic Cause of the Disease is Lime Starvation," by Dr. John F. Russell, who says: "Among inorganic substances lime salts appear to be of special physiological importance."

But if the salts are not in adequate combination it is difficult to suppose that the cells can appropriate them for food."

Years of widespread use confirm us in the belief that the success of Eckman's Alternative in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial troubles is due in large measure to its content of lime, so combined with other ingredients as to be easily appropriated by the cells.

Doubtless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Eckman's Alternative.

As it contains no opiates, narcotics or habit-forming drugs, it is safe for even the most delicate child, for whom you can send direct to Eckman Laboratory, Philadelphia.

Address letters containing rhymes to THE W. W. HARPER CO., Price Department, Zanesville, Ohio. Awards will be made as soon after March 1st as decisions are rendered.

HYAH'S YO TASTWEL

Good morning folks, jes look at me
 Frowny Sam you no longer see.
 Across from me he used to stand,
 Holding up some other brand,

But public opinion is powerful strong
 And it proved Sam to be dead wrong.
 The stores found they could only sell
 The brand of coffee called TASTWEL

Then he took his can of other brands
 And hid himself to distant lands.
 So with a grin from ear to ear
 Ah's holding out your morning cheer.

We offer the following prizes for the best twenty lines submitted in rhyme on TASTWEL Coffee by March 1st, 1915, accompanied by a coupon taken from a can of TASTWEL Coffee:

First prize, \$50.00; second, \$30.00; third, \$20.00.

Committee to award the prizes will be: H. A. Sharpe, cashier Old Citizens National Bank; Charles T. Atwell, asst. cashier People's Savings Bank; Charles G. Griffiths, secretary Home Muskingum Savings Co.

No relatives or employees can participate in contest.
